**Distinguished Accomplishments personal or professional:**

Mr. Victor Mbaba was orphaned at the age of 11, and out of school for three years in his home country of Nigeria due to civil war. His life lessons have helped him to care for the underprivileged children because they in turn will help make a better world. He is a visionary leader and a Pathfinder who puts in a lot of efforts to serving children in Nigeria and other parts of the world. He is a humble man of repute. He does what it takes to help children and families in need. He believes that People in need can become people who give hope to the needy. He and his organization have done so much for the Nigerian Children through provision of educational materials to support their quest for knowledge; through provision of basic protection and foundational support for children that are neglected by their parents and their community because they are branded witches; and by creating opportunities for professional growth and development of doctors from Nigeria through medical education exchange program which empower them to help the needy in Nigeria. The vision of Africa’s Children’s fund has helped children from all over the West, East, North and South of Nigeria. The vision has spanned all over Africa to Ethiopia, Ghana, Sierra Leone, Liberia, and South Africa.

Mr Victor Mbaba has received numerous Awards and recognitions some of which are:

- Akwa Ibom State Association Award,
- Community Service Award from Nto Annang Foundation
